Gentlemen of the Council,

The City of Gretna ended fiscal year 2019-2020 with a \$6.2M unassigned fund balance in the General Fund and a projected fiscal year 2020-2021 unassigned fund balance of \$5.6M. The proposed budget document for fiscal year 2021-2022 is presented with a projected current year gain of \$4,023.

The City of Gretna has experienced a decrease in most revenues amid the unprecedented fiscal environment created due to the Covid-19 pandemic. However, revenues generated through local sales tax and the Cares Act have enabled the City to continue services without interruption throughout the pandemic and an unusually active storm season. As a result of continued conservative budgeting practices and the State's ability to apply sales tax uniformly to all internet sales, the City was able to absorb the losses sustained in the early months of the pandemic. The City was also reimbursed for expenditures associated with protective equipment and social measures mandated to stop the spread of Covid 19. The City of Gretna's Police Department and Emergency Services' Department provided critical assistance to those directly affected by the pandemic. The City was very fortunate to recover costs through the rigorous claim process required through the Federal Cares Act.

Despite the fiscal impacts of the global pandemic felt universally at a local scale, the City as a whole has weathered the challenge well, thanks to our previously mentioned fiscal conservatism in municipal budgeting as well as the ongoing private investment within the City. Data shows that private sector investment in our City has not slowed down, and in fact has grown over the prior fiscal year - an important point to note given the scale of economic downturn at the state and national levels. Commercial and residential construction investment to date is on par to exceed last fiscal year's total valuation of \$20.6M and the trend shows no signs of slowing down.

This positive outlook for private sector investment is also driven by the City's continued strategic investment in public infrastructure. The City's efforts over the last several years to leverage municipal funds with state and federal funding is now being realized through over \$29M in critical infrastructure projects, many of which are under construction or will be within the coming fiscal year. The City's matching investment of \$3.7M to leverage \$25.3M in grant funds enables key projects to move forward that otherwise would be sitting on the shelf. This innovative financial management practice was highlighted and praised during the City's most recent bond rating visit with S&P. The City's commitment to fully funding the match required to complete the current Capital Improvement Plan is critical in the current and future budget cycles. Failing to do so will threaten the entire Capital Improvement Plan and cause a regression in the tremendous progress the City has thus far realized.

Over \$29M leveraged for catalyst projects that improve services, safety and amenities helps spur additional private investment in the City, further bolstering Gretna's status as a community of choice. With the \$2M Downtown Drainage Phase 1 project complete, and Phase 2 going to bid this summer, the City's downtown corridor benefits tremendously and continues to draw private investment and amenities for residents throughout the City. The City recently broke ground on the \$5.8M Gretna City Park improvements project which will provide tremendous recreational amenities for our community and crucial flood mitigation as part of the broader Gretna Resilience District vision. It is imperative that the City continue to pursue outside funding for catalytic projects that can help transform the City for generations to come - such as the planned revitalization of the 5th Street corridor with state and federal funds.

Gretna is a community of choice because of the services, safety and amenities we are able to provide, and the desirability of our neighborhood quality of life. The strategic positioning of limited capital funds and commitment to future generations through the implementation of a forward-looking development code play vital roles in not just the built environment, but also the attractiveness and livability of our community as a whole.

Additional highlights of the City of Gretna's Budget are:

General Fund

The General Fund is presented with an increase of \$4,023 to the fund balance. Revenues are expected to decrease due to the effects of Covid-19 and the federal funds received through the Cares Act. Expenditures are projected based on prior year spending and do not allow for indiscriminate spending or unforeseen costs. The primary goal in the budget process remains the preservation of the unassigned general fund balance which is an indicator of the overall health of the City of Gretna.

Garbage Fund

Any future increases in the contract cost as a result of the future CPI calculation will necessitate an evaluation of current garbage fees.

Street Lighting Fund

The Street Lighting Fund receives revenues through a dedicated millage. Utility and Repair & Maintenance expenditures remain flat. Excess revenues are dedicated to the purchase of additional decorative lighting fixtures needed for the completion of the Downtown Street Lighting Improvement project.

Capital Projects

The Capital Projects' budget provides the funding source for the numerous major public infrastructure projects throughout the City. Matching revenue funds generated through the City's allotment of Riverboat Gaming funds is accounted for in the Capital Projects' budget. This innovative funding strategy of pledging matching funds is paramount to the City's methodology of allocating funds. The City has approved \$3.7M in previous budget years to leverage \$25.3M in grant funds dedicated to the current Capital Improvement Plan and major construction projects. Some of these projects, which have been conceived decades ago, could only have been made possible through the dedication of these funds. It is imperative that this funding commitment takes precedent over district allocated spending. The City-wide approach to capital planning can be credited with attracting private investment and amenities throughout the City. Any deviation and reallocation of these funds will not only jeopardize the completion of current projects, but may also risk future federal and state funding opportunities. The current matching fund balance falls short an estimated \$445,000. Every effort should be made to fully fund this match in the current and future budget cycles. Falling short is not an option.

Contracts and CEA's

Outside security services provided to Jefferson Parish Courts by the Gretna Police Department will continue and with the passage of this budget, it will authorize the administration to enter into renewal contracts with the various Parish Courts. Additionally, the annual DOTD maintenance grass cutting CEA will be authorized with the adoption of this ordinance.

Respectfully Submitted:

Belinda C. Constant
