

Please Distribute

SIIP PROJECT NOTICE

Atmos Energy has started its System Integrity Investment Program (SIIP) to systematically replace vintage pipe and other material to improve the integrity and reliability of its natural gas service. Our contractors and company personnel will be working on the following SIIP project(s) in your area:

1. **Gretna: GretnaCookSt** – Replacement of natural gas facilities in the area of Cook Street.

We will notify customers located in each project area before any work begins. Please feel free to contact Leah Oby, Manager of Public Affairs for your area at (504) 289-5521 or Leah.Oby@atmosenergy.com if you or any of your constituents should have any questions or concerns about our work. Atmos Energy is committed to providing its customers with safe and reliable natural gas service. We hope that our system improvement efforts cause minimal disruptions to residents in your area.

The goal of Atmos Energy is to be the safest natural gas distributor in the nation. Since 2007, we have invested more than \$5 billion dollars to renew and expand our distribution and transmission pipelines and to improve customer safety and service throughout our operating territories in eight states. More than 70% of that capital spending has been dedicated to improving safety and reliability.

Emergency Numbers: 1-866-322-8667 or 9-1-1
IF YOU SUSPECT A NATURAL GAS LEAK IN YOUR HOME OR OUTSIDE,
LEAVE the area **IMMEDIATELY** and **CALL ATMOS ENERGY** from a safe distance.

Customer Service: 1-888-286-6700
